Greetings Mr. Vu,

Thank you for following up with me. In response to your question. Not at this time. We just need to meet with the contractor to for the initial site visit. We are planning another site visit the day of the community meeting with the TCEQ & TXDHS. The city staff could be present for that site visit.

Respectfully,

Stephen Pereira

Afternoon sir,

Thank you for the introduction, I am sure we'll be working together closely in the future! I am assuming the site visit tomorrow with Mr. Paddock and Shewmake is at the Lane Plating facility @ 1pm?

Would it benefit the EPA to have City staff present as well? I think I can visit if this is an invitation, if not, I am not worried about missing a site visit.
